

Autism Transition to High School Group

Our Autism Transition to High School group is a group for students with Autism (ASD). This group helps support students moving from elementary into high school to learn what to expect and how to establish new relationships with peers and staff while adjusting to their new school community and routine.

Is the Transition to High School Program right for your child?

This program is right for your child if they:

- are in grades 7-8;
- are a resident of Hastings or Prince Edward County
- want to socialize and learn with others in a group setting;
- can engage in safe behaviour in a group and school setting;
- are not currently attending a Life Skills Developmental Centre

WHEN

This group will be facilitated in-person during after school hours starting in May/June and will resume again in August/September 2023.

HOW DO I REFER MY CHILD?

To make a referral to the program please fill out our online referral form located at this link
